Facebook Dynamic Adverts

Facebook Dynamic Adverts

Elevate Your Experience: Click, Connect, Convert!

Used Cars

Save Time - We will build a specialized feed that will feed all your stock into Facebook.

- **Cost Effective** — Lower cost per lead vs aggregator websites.
- **Current Stock advertised** - The feed is always updated meaning when you add or delete a car it will also update on Facebook.
- **Better contact ability** - We ask the client for their current number in Facebook instead of relying on Facebook to send us the number the client registered their account with.
- **No competition** — Only your vehicles are displayed in the advertisement unlike on aggregator websites.
